

RELIEF OF LADYSMITH BY GENERAL BULLER

Gen. Dundonald First to Enter the Besieged Town

THE CITY WAS FOUND TO BE IN A DESPERATE CONDITION

There Was no Lack of Provisions or Ammunition But the
Poisonous Water of the Klip River Had Almost Pros-
trated the Entire Garrison—Gen. Roberts Has Occupied
Colesburg—Report of a Boer Repulse at Mafeking—
Rumor That Roberts Has Reached Bloemfontein—All
England Fairly Went Insane Over the Good News—
Cheer Roberts, Buller and White.

London, March 1.—[Special Cable-gram].—Gen. Buller notified the war office this morning that Ladysmith has been relieved. Gen. Dundonald leading the cavalry, was the first to enter the besieged town at 8:20 o'clock this morning.

Buller's Losses Over 4,000
Gen. Buller's good tidings came weighted with a long list of casualties. His losses in the four attempts to get Gen. White out aggregate 4,000.

Ladysmith in Its Last Gasp
The British forces entering found Ladysmith in desperate straits. This was due not so much on account of any lack of provisions or of ammunition, neither of which were yet exhausted, as because of the poisonous waters of the Klip river and the evil effects of the heat on the terrain in which the garrison must reside. Even those who have escaped fever, dysentery and diarrhoea, are in a state of low vitality. They could still man trenches, and would probably have held their own against a last desperate assault, but they could initiate nothing. General Buller now knows that as units the regiments will be of no use to him for months.

Sewage Poisons Klip River
The water of Klip river was not available for drinking and to boil it was impossible, because of the scarcity of fuel. It was thick with putrid animal matter. Tea made of it had a suspended fibre something like beef tea. It was caused by the sewage from the Boer camps.

LONDON WENT WILD WITH JOY
Enthusiasm of the People Over the Relief of Ladysmith.

London, March 1.—[Special Cable-gram].—London fairly went insane with joy today when the news of the relief of Ladysmith was received. The excitement and jubilation caused by the tidings was almost past belief.

An immense crowd packed Pall Mall at an early hour, and when Buller's dispatch was posted, they shouted and screamed, and many actually wept for joy. The same scenes were repeated at all of the centers of information throughout the city.

To add to the enthusiasm, another dispatch from General Roberts was posted, announcing the capture of Colesburg by Clemente. Roberts says the place was taken without resistance, the Boers having fled in disorder, and the British were received with enthusiasm. They secured a large amount of ammunition and arrested a few rebels.

When the queen received the news regarding Ladysmith, she expressed the liveliest joy and ordered the bells rung.

The Lord Mayor read Gen. Buller's dispatch to an immense throng in front of the mansion house. The people marched through the streets singing the national anthem and cheering for Roberts, White and Buller.

The crowd on the streets is vastly increasing during the afternoon, and traffic at all the large centers was completely blocked. Everywhere the scenes were unparalleled with enthusiasm.

The queen today sent messages of congratulations to Buller and White.

Boers Repulsed at Mafeking

Mafeking, March 1.—[Special Cable-gram].—The Boers again attacked this town, but were repulsed, losing about forty men. The British losses were two killed and three wounded.

Is Roberts at Bloemfontein?
London, March 1.—[Special Cable-

gram].—It is insistently reported here that Gen. Roberts with his cavalry has reached Bloemfontein. The war office is mute on the subject.

British Occupy Colesburg
London, March 1.—[Special Cable-gram].—General Roberts informed the war office this morning that he had sent a force to and occupied Colesburg.

BULLER'S PRESTIGE REGAINED
Today He Is Praised On All Sides and Likened to U. S. Grant.

London, March 1.—The severity of the fighting Gen. Buller's forces have undergone the last twelve days, their hardships in the shape of heat, rains, the lack of shelter, the loss of sleep, in which the men and officers have suffered alike, and the difficult and almost impassable country traversed, is well described in a special dispatch by Richard Harding Davis to the Daily Mail. He says:

"No map, no panned account can give a correct idea of the difficulties presented by the hills and ridges which succeeded each other like waves in a heavy sea. One ridge gives way only to another, and each can be enfiladed. Until one is taken it is impossible, even with the keenest scouting, to know what fortifications lie beyond it. The military problem changes as the columns advance, every kopje refusing to give up its secret until the troops have touched its crest.

Rainy Season Sets In.
"To add to these difficulties the tropical rainy season has set in and today for twelve hours the uniforms of the men clung to them like wet seaweed, the mud caught them under foot, and the mist closed down and shut out the position of the enemy.

"This discomfort is borne by all alike, Gen. Buller and his staff virtually living the life of a private. There has not been even a tent to cover the commanding generals. They eat from their knives with their shoulders against a rock, sleep where they can, and their work is carried on under transport wagons—transport wagons not built to keep out the rain—and tiny streams of water pour down upon and blot the official records."

Buller's Prestige Regained
It is strange how public opinion as mirrored in the London press, has changed toward Gen. Buller. Three weeks ago he was a general bereft of reputation, called "the ferryman" and other derisive names. Described as a leader who lacked the "stick-to-it-iveness" necessary to win success against heavy odds. Today he is praised on all sides and likened unto Gen. U. S. Grant for persistence."

British Losses Nearly Thirteen Thousand
London, March 1.—The rapidly growing British casualty lists are being classified as quickly as possible. They show up to this morning the total number of casualties was 12,884, of which 2,319 were added during the last fortnight. The casualties are classified thus:

Killed	1,393
Wounded	8,938
Missing	3,173
Disease	850

Ten of the eleven Scotch regiments lost about 2,050 men and eight of the Irish regiments 2,000. Then come the Gloucesters and Northumberland, while of nearly 200 colonials the royal Canadians lost 121 and the Victoria mounted contingent twenty-six.

FALLS AND BREAKS HIS NECK

John Cutter Killed While Trying to Escape From a Lockup

Beloit, Wis., March 1.—John Cutter was placed in the city lockup, and while trying to crawl out of a window located near the ceiling, he fell backward, breaking his neck. The coroner's jury returned a verdict of accidental death.

GREAT STRIKE HAS BEGUN IN CHICAGO

ABOUT 5,000 MACHINISTS DROP
TOOLS AND QUIT WORK.

Threatened Tie-Up of All the Railroads in the Country—Milwaukee Machinists May Also Be Called Out—Granite Cutters of New England Strike.

Chicago, Ill., March 1.—About 5,000 machinists went out on a strike today and it is the intention of its directors to extend and tie up all the great railroads centering at Chicago unless they sign the union agreement.

Business Agent Brown of the Building Trades' council said that the machinists in the railroad shops were well organized, and if they were called out no railroad could run two weeks without them. The railroad tie would involve the interests of the entire country. In the Chicago shops of the various railroads 1,000 machinists are employed. Others are at work at the various branch shops along the lines of the road.

If it is necessary to call out the railroad machinists Business Agent Brown says they would be ordered out all along the line so as to completely tie up all the operations, for without the machinists the railroads can do nothing.

Street car men are reported to be threatening a general tie up of the surface lines in Chicago because of the discrimination of wages between electric and cable linemen in favor of the latter. The recent visit of President Mahon of the National Street Car Employees' association is said to have started the report that the men are organizing for a strike.

May Spread to Milwaukee

Milwaukee, Wis., March 1.—All the union machinists employed in Milwaukee may be called out on a sympathetic strike tomorrow by the executive council of the international Association of Machinists. The Milwaukee machinists have no grievance against their employers, but they are subject to the orders of the executive council of their national organization, which is now engaged in battling for formal recognition of the union and a new wage scale. The machinists say, if the machine shops in Chicago are closed on account of the strike of the machinists in that city, much of the work which is done there will be sent to Milwaukee, and the Chicago strikers would be injured. There are about 2,500 machinists employed in shops in this city. The majority of the men are members of the International Association of Machinists.

New England Granite Men Strike
Boston, Mass., March 1.—The granite industry of New England which gives employment to 8,000 journeymen cutters, is at a standstill because of a wage contention between the manufacturers and the National Cutters' union. The strike is for \$3 a day and eight hours. The men who are on a strike strike are among the best paid artisans in the east.

INFLECTS A JOKE UPON THE HOUSE

Cummings of New York, Creates a
Ripple of Excitement During
Porto Rico Debate.

Washington, March 1.—One ripple of excitement, one true comedy note, enlivened the Porto Rico debate yesterday afternoon, and this was when that sad wag, Amos Cummings, astonished every listener by rising and excitedly declaring:

"I will vote for this bill."
He could say no more. The republicans interrupted him with a salvo of applause. They clapped their hands, cheered, threw hats in the air, waved newspapers in a transport of joy. The democrats sat astounded, dumbfounded, silent. For fully two minutes the republicans continued to give noisy expression to their delight, and all this time Mr. Cummings, with a twinkle in his eye, was holding his right arm aloft as if he would finish his sentence. Finally silence came and Mr. Cummings continued:

"Provided you amend it in accordance with the recommendation of the president and give Porto Rico absolutely free trade."

Now it was the turn of the democrats to cheer and to jeer at their friends across the aisle for having been so neatly and completely taken in, and they did it to their hearts content.

DRAMATIC SCENE BY SYNON.

Accused Man Calls for Vengeance on
His Wife's Murderer.

Chicago, March 1.—Michael Synon, alleged murderer of his wife, created a scene at the county morgue Wednesday afternoon by falling on his knees before the case containing the body of the woman, calling on heaven to bring her murderer to justice.

"I guess your prayer has already been answered," said Detective Sergeant Bonner, who was standing near. Synon had just been held to the grand jury when the scene took place. He had refused to make a confession and the detectives thought that by bringing him into the presence of his dead wife, he would break down and admit his guilt, but the plan failed.

JURISTS ASKED TO TAKE GREAT CARE

SUPREME COURT ISSUES A
WARNING TO JUDGES.

Drastic Opinion on the Subject of Injunctions—Recklessness With Which Pleadings Are Verified By Affidavits Is Appalling—Courts Have No Rights to Legislate.

Milwaukee, March 1.—The Supreme Court of this state has taken a decided stand against government by injunction. In addition to the decision of the Milwaukee street railway case the court has handed down another drastic opinion on the subject of injunctions.

This was in a case which was brought before the justices from South Milwaukee on an appeal. An application was made to Judge Ludwig to grant an injunction restraining the aldermen elected last spring from taking their seats. The petition was refused and the case appealed to the Supreme Court.

Warning of the Court.
The court, in its opinion written by Justice Dodge, says:

"Suffice it to say upon the general subject that it is a field which courts of equity should enter with their drastic injunctions with great hesitation. Even if such action is maintainable in the name of the individual, the interests to be affected are most essentially of a public character and the interest of the individual or coterie of individuals in an office, especially in a legislative office, sinks into insignificance in comparison with the vast public interests to be affected by excluding therefrom those whom the popular will have designated.

"By such injunctions the most overwhelming expressions of popular will in favor or against some policy may be thwarted. Enough of the members of a city council—may even of the legislature itself—may be excluded to wholly reverse the true majority and long enough to enable the issue or passage of acts which may have been the real subject of an election and been forbidden by the popular vote.

Legal Remedy Pointed To.

"Such a catastrophe is all the more possible because of the imperfect character of the evidence on which under our practice preliminary injunctions issue. The recklessness with which parties verify the most vehement pleadings and affidavits at times is appalling, and may well cause hesitancy in issuing perhaps ruinous restraining orders in reliance thereon.

"The law has provided machinery by the orderly progress of which the election and certification of public officers are to be had, and to those tribunals has delegated both the authority and the power to act. If that machinery is inadequate to protect the rights of the people it is for them, through the medium of their legislature to protect its defects, and neither the authority or the duty is upon the courts to assist to supply them."

BADGER MEMBERS ALL VOTE FOR BILL

Entire Revenue Under the Bill Will be
Devoted to Use of Porto
Rico.

Washington, March 1.—All the members of the Wisconsin delegation were in attendance upon the session of the house yesterday afternoon and registered their votes to favor of the Porto Rican Customs Tariff bill. The members of the delegation express the opinion that when the measure comes to be understood by the people generally there will be no objection to it, notwithstanding the bitter fight made against it.

They hold that the bill is not a tax upon Porto Rican people for the benefit of the United States, but a temporary tax measure which will be wholly for the benefit of the people of the island.

A member of the delegation in explaining the bill said:

"The bulk of the criticism of the bill is plainly based upon an entire misconception of the provisions. The chief complaint is that we are proposing to tax the poor people of Porto Rico for the benefit of the United States treasury. The fact is not a dollar of the money raised from these duties even those collected will fall chiefly upon accumulations of products; mainly sugar and tobacco, now out of the hands of the people of the island and in the hands of the speculators who are holding the products in anticipation of large profits from sales in this country as a result of an expected free trade law giving open markets in this country."

TREATY REGULATES ESTATES

New Anglo-American Pact Favored by
Senate Committee.

Washington, March 1.—The senate committee on foreign relations today agreed to report favorably on a treaty between the United States and Great Britain prescribing conditions for the regulation of estates of American citizens who die in Great Britain and of British subjects who die in the United States. The Hay-Pauncefote treaty was not considered.

SELLER OF "SAPHO" PUNISHED

Philadelphia Book Dealer Sent to Prison
for a Year.

Philadelphia, March 1.—"Sapho" has made its appearance in Philadelphia, and as a result, Frederick Kahler goes to prison for a year.

Thinking the notoriety achieved by Miss Nethersole through her arrest in New York for producing a dramatization of "Sapho" would invariably draw public attention to the novel and lead to a large sale, Kahler laid in a good supply of the books, for each of which he demanded a dollar.

Customers enquiring for "Sapho" were told also that books equally rare could be purchased, as could also certain photographs.

Police Lieutenant O'Brien visited the store and bought "Sapho," another book, and a stock of photographs. He then arrested Kahler, who was tried before Judge Fialter in the criminal court on charges of selling obscene literature, convicted, and sentenced as stated.

FALLS DEAD IN POKER GAME

Player Brown Holds Four Aces, But
Loses Stakes and His Life.

San Francisco, March 1.—George Brown, employed as janitor in several buildings, fell dead last evening in the basement of 15 Leidesdorff street.

In company with several others Brown was in the habit of visiting the basement and indulging in a friendly game of poker. Brown held four aces, which he backed with what money he had. When another player exposed a straight flush Brown said "that's good" and died.

WOULD KILL FOR GOOD OF SOCIETY

DR. M'KIM'S THEORY FOR
HUMAN SLAUGHTER.

New York Physician Advises That Cer-
tain Criminals, Epileptics and Imbe-
ciles Be Put to Death For Benefit of
Society—Suggests Carbonic Acid
Gas As a Means.

New York, March 1.—Dr. W. Duncan McKim would better the condition of society in this country by slaughtering a half million people. Dr. McKim believes it is not only the right but the duty of society to put to death its criminal and dependent classes, embracing the confirmed criminal, the epileptic and hysterical criminal, the incurable insane criminal, idiots and imbeciles, and moral imbeciles.

All For Human Progress

Mr. McKim's startling remedy is set forth in his book, "Hereditary and Human Progress." He says:

"For the rejuvenation of the race we need to multiply those individuals whose dominant craving is the altruistic sense, and to eliminate those whose lives are ruled by the baser selfishness. It is among the many defectives thrown upon the state for maintenance and the many vicious held in restraint by the state on account of their crimes that a system of elimination seems practicable; and through it there would be given ever-increasing opportunity for the expansion of such lives as tend to advance the standard of the race.

Suggests Carbonic Acid Gas

"The essential feature of the plan is the gentle removal from this life of such idiotic, imbecile, and otherwise grossly defective persons as are now dependent for maintenance upon the state, and of such criminals as commit the most heinous crimes or show by the frequent repetition of crimes less grave, by their bodily and mental characters, and by their ancestry, that they are hopelessly incorrigible. Each individual of these classes would undergo thorough examination, and only by due process of law would his life be taken from him.

"The painless extinction of these lives would present no practical difficulty; in carbonic acid gas we have an agent which would instantaneously fulfill the need."

FIRE AT RULER OF VENEZUELA

Attempt to Assassinate President
Castro Fails.

Caracas, Venezuela, March 1.—During the carnival procession a Venezuelan fired two shots at President Cripiano Castro without effect. The president was afterward acclaimed by the populace. The city is quiet. Gen. Cripiano Castro became president of Venezuela in October last, as a result of the successful revolution against President Andrade, who fled from the republic. But Castro was not recognized as president by the United States until Nov. 20, 1899. Castro is about 36 years old, is well educated, and is credited with being possessed of ample means. He has been a strong supporter of the liberal party.

Russian Bear Growing

St. Petersburg, March 1.—The newspapers here outdo the rest of the continental press in bawling General Cronj's defeat and in virulently abusing Great Britain. They declare that the Transvaal has fully demonstrated its right to complete political independence, with an outlet to the sea.

They suggest that the best help for the Boers would be to create a diversion against Great Britain elsewhere and maintain it is the duty of Europe to intervene and end the most infamous of all the wars England has ever waged for predatory purposes.

Norfolk, Va., March 1.—[Special Telegram].—A terrific storm prevails on the coast today. All craft at sea are in great peril and it is believed that the big Spanish steamship Minerva was foundered with her crew of twenty-five. The British steamer Adler is reported in distress but assistance cannot reach her.

Great Delay to All Traffic

St. Louis, Mo., March 1.—The heaviest snow storm which has enveloped the entire west and northwest covering almost every state in these parts of the union, is almost unprecedented in damage to all manner of traffic as well as interrupting seriously the ordinary vocations of life.

In Illinois, northern Indiana and eastern Missouri snow has fallen to a depth of eight to fifteen inches. The high winds and snow will also interfere with traffic from northern Ohio over western Pennsylvania to the lower lake region to the interior of New York.

Chicago Buried Under Snow

Chicago, March 1.—By the severest snow storm that has visited Chicago in sixteen years, the city was buried yesterday under a white mantle a foot thick where it had not drifted, while a gale that at its highest attained a velocity of fifty-two miles an hour, heaped the flakes into piles three or four feet high.

Traffic came nearly to a standstill, transportation lines being thrown into a state of partial paralysis that entailed enormous loss. Street cars, "L" roads and steam roads all labored under the most perplexing difficulties of the season. The homeless poor crowded the police stations.

PUBLICITY FOR THE

AFFAIRS OF TRUSTS

Report of the Industrial Commission,
with Recommendations Is Sent
to Congress.

Washington, March 1.—[Special Telegram].—The report of the Industrial commission with recommendations, was forwarded to congress today. The report recommends that the so-called trusts be required to publish annually an audited report, showing assets, liabilities, with profits and loss. The purpose of such publicity is to encourage competition when profits become excessive, protect consumers against high prices, and guard the interests of employees.

Editor Stewart of the Mullen (Idaho) Mirror, testifying in the Couer d'Alene riot investigation today said that the prisoners in bull pen were not allowed to see an attorney. He described the death of Mike Johnson, who he believed was either shot or drowned by soldiers. Johnson was driven insane by threats of hanging unless he told all he knew. He was killed en route to an asylum. Stewart said that at no time was martial law necessary in the Couer d'Alene.

SOME TIME IN THE EARLY PART OF MAY

Milwaukee, March 1.—"We shall probably hold the Democratic State convention to select delegates to the National convention, some time in the early part of May," said George W. Peck, chairman of the Democratic State Central committee, yesterday. "The exact date will not be determined until I correspond with members of the committee, but the early part of May will probably suit the rest of the boys. That will give us from six weeks to two months before the National convention at Kilauea City. As for the time for holding the various congressional conventions, I do not think that the time will be changed, and we shall probably call them as we did last year, at about the same time the State convention is held for the nomination of a ticket. That brings them late in the summer."

COBWEB PARTY HELD AT ORFORDVILLE

MANY YOUNG PEOPLE AT THE
HOME OF H. C. TAYLOR.

New Addition Made to the Orfordville Public Library Which Has Been Opened to the Public—Junior Contest of the Milton Junction High School.

Orfordville, Wis., March 1.—Mrs. Ira Ioman and Miss Lazette Ioman entertained the Orfordville C. L. S. C. and others Friday evening, Feb. 23, at the home of Mr. and Mrs. H. C. Taylor. As the guests arrived they found the house so full of cobwebs that it was difficult to get around without a guide, consequently all kept their seats and chatted with those about them until nine o'clock when the program was announced. Clara Sater read an essay on "Boethius," and Celia Paterson played the second movement of Sonata Op. 13. Lola Taylor read an essay on "Franz Liszt" after which Adella Sater rendered a Liszt Rhapsody. Elsie Taylor favored the company with a vocal solo, "Calvary." After enjoying this excellent program the guests were set to work cleaning out the cobwebs from cellar to attic, but all were duly rewarded, as each lady found the name of a book at the end of the thread she had disentangled and each gentleman found the name of an author of one of the books and thus each found a partner for luncheon which was delightfully served at small tables. After luncheon the remainder of the evening was made merry with a tableaux and music. Those present were:

Misses—Celia Paterson, Adella Sater, Clara Sater, Lola Taylor, Mabel Taylor.

Nettie Gander, Bortha Gander, Chlois Smiley, Fannie Ioman, Gattie Ioman, Elsie Taylor.

Messrs—Harry LaSalle, Herman Sater, James Taylor, J. P. Smiley, Perry Gander, Dr. Keithley.

Messrs and Mesdames—Will Allen, F. P. Smiley.

The Orfordville Public Library and reading room is open Monday and Saturday afternoons, and Tuesday and Friday evenings. Seven dollars and fifty cents has lately been spent to renew subscriptions to the following magazines which may be found in the library now: "Public Opinion," "Self-Culture," "The Munsey," "The Ladies Home Journal," and "Saturday Evening Post." Also the following new books have been purchased at a cost of five dollars and ninety-five cents: "David Harum," "The Hon. Peter Sterling," "Richard Carvel," "When Knighthood was in Flower," and "Vin Crucis." A few other new books will soon be in. Plan to spend at least one afternoon or evening of each week in the reading room, and for the small sum of fifty cents you can become a member of the library for one year which entitles you to take books to your homes.

MILTON JUNCTION
Milton Junction, March 1.—Mesdames Martha Yerkos, J. E. Owen, C. O. But ton, A. D. Conkey, W. H. Morgan, C. H. Thorpe, G. B. Mackey, Allie But ton Cole and Miss Mervie Mackey attended the O. E. S. convention at Milwaukee last week.

Mabel Hall, daughter of Dr. E. S. Hall is sick with scarlet fever in mild form.

Mr. and Mrs. Fred Rogers are the proud parents of a baby girl.

The auction sale at the G. H. Butts farm last week was well attended and things brought good prices.

Mrs. Charles Clarke visited in Milwaukee last week.

The Junior contest of the High school took place Wednesday evening at the S. D. B. church. The contestants were Florence Burdick, Kittie Conkey, Ollie Smith, Mabel West, Lillian Coon. The judges were Profs. Shatts and Buell of Whitewater, Miss Mary Holt of Janesville.

The play given by the Catholic young people at the I. O. O. F. hall Tuesday night was well attended and pleased the crowd.

There is another new firm in town, Messrs Fidler & Carlson, furniture repairers.

Mrs. Jane Whitford is again seriously sick.

Mr. Tuttle of Madison, visited his family in this place Sunday.

Mrs. Ezekiel Rogers died in the asylum at Madison Tuesday. She was taken there about a week ago. She had been staying with her son in Chicago during

the winter. She will be brought to Milton for burial.

Mr. Holmes, who has bought part of the "Lorimer" place, moved his family here from Monroe this week. They will occupy the tenant house on the Craig place until their house is finished.

Hugh Stockman has been ill for a couple of weeks.

Fremont Monroe has sold his farm north of Milton to Randolph Thomas of Milton.

Orlo Vincent, who lived on the River road near Grass Lake, has sold his farm to a German from Milwaukee and will move to La Verne, Minn., where his brother Avery now is.

LOCAL SPORTS AT A COCKING MAIN

Eight From Here Visited Fort Atkinson Last Evening, Where They Saw Plenty of Hot Sport.

Eight local sports returned home this morning from Fort Atkinson, where they witnessed a red hot cocking main held last night in the basement of a barber shop. The birds were the property of Fort Atkinson parties. It is alleged that a member of the police department owned several of the cocks.

Five battles were fought. The sport was witnessed by fifty people. At ten o'clock the first pair of birds were thrown into the pit. It was well towards morning when the sports took their departure. Several prominent business men were in attendance. There was no interference on the part of the police. Those in attendance from here state that several birds were killed, and that the change of money frequently took place.

TWENTY TRAMPS NEAR DEATH

Racine Coroner Almost Provides Subjects for His Official Duty
Racine, Wis., March 1.—The city came near being twenty tramps short yesterday morning. Tuesday evening, with no view of providing subjects for himself, Coroner Christian Stripler gave the tramps permission to sleep in an empty building owned by him. The men got some coal, built a fire in the stove, and then all went to sleep. In the morning the coroner found all of them overcome by coal gas, several of them being almost dead. He called physicians, and after working over the men for some time brought them back to consciousness. Four of the men still are in a serious condition.

Sentence for Teacher Nye.
Columbus, Ohio, March 1.—The Rev. Moses Nye, the converted Jew, who was arrested Tuesday for assaulting the Rev. D. W. Le La Chur, a Chinese missionary, was arraigned Wednesday in the police court and sentenced to sixty days in the workhouse, and his wife to thirty days, or gave them the choice of returning to their home in Newark and keeping away from Columbus. The Nyes chose the latter sentence. Mrs. Nye conducted the cross-examination of the witnesses against her husband. She is a graduate of the Ohio Wesleyan university.

Driven Out by Earthquake.
Anaheim, Cal., March 1.—James Packstein and W. K. Krebs arrived in town Wednesday evening from the mining claims they have been working in the Santiago mountains near the Riverside county line. They left two months ago, having been driven out of the hills by earthquakes, which they claim have been almost continuous since the heavy shock of Christmas morning.

After Anti-Imperialist Convention.
Indianapolis, Ind., March 1.—In an effort to secure the anti-imperialist convention for this city, Jeremiah Hall, proprietor of the English hotel, went to Chicago Wednesday night to see E. THREE PRISONERS MADE FOR CHICAGO

BOARDED A FREIGHT TRAIN IN
THE LOCAL YARDS.

To Again Bring About Their Arrest Will Be a Difficult Task—Postoffice Inspector Bird Returned to Madison This Morning—Lively Scene Enacted in Court Yesterday.

William Howe, John Johnson and Thomas Farrell, the three prisoners arraigned yesterday afternoon before United States Court Commissioner L. F. Patten and discharged for the want of sufficient evidence to implicate them on a charge of robbing the postoffice at DeKalb, Ill., November 7, are now in Chicago.

From evidence obtained today it appears that the three men boarded freight trains out of the local yards last evening under the cover of darkness. To again bring about their arrest will be a most difficult problem.

Postoffice Inspector Ralph Bird of Madison, who was present, wanted to secure a warrant before the men were discharged, on the charge of entering the postoffice building at Muscoda, Wis., last morning for Madison. Mr. Bird stated that as yet he was undecided as to what action he intended taking towards again bringing about the arrest of the men.

Insufficient evidence yesterday afternoon resulted in the discharge of the three prisoners by United States Court Commissioner L. F. Patten. When the court notified the prisoners that they were discharged, one of the wildest scenes ever enacted in a Rock county court followed. When the three men started to leave the court room they were approached by a half dozen officers present who started in to take them prisoners on other charges. In their wild endeavor to effect their escape from the room the prisoners were soon engaged in a melee that for a time looked like a serious affair. Two of the prisoners known as "Dad Flynn" and "Lefty Fitzgerald" were first tackled by the officers. They resisted and a rough and tumble followed, when the two prisoners made for a side door.

This door was guarded by Postoffice Inspector Gould. Seeing that the three prisoners were too much for the United States officers, the guardians of the peace called on Sheriff W. H. Appleby and Chief of Police Hogan for assistance. Attorney W. G. Wheeler then shouted that if Appleby or Hogan interfered without a warrant being produced, he would see that they were indicted.

When the prisoners tried to leave the room via the door guarded by Gould, another wild scene ensued. Then Attorney Wheeler stated that he wanted to leave the room. Gould objected, and Attorney Wheeler wrenched the door open. Then out bounded Howe and Johnson, who lost no time in making their escape via back roofs, to an adjoining alley. But Farrell was not so fortunate.

There was a rush for the prisoners by the officers, including United States Marshal Charles Lewiston, Deputy United States Marshal F. P. Meehan, Post office Inspector Guy, Gould of Chicago, and Inspector Bird of Madison. Farrell was overpowered and taken in charge by Deputy Meehan of Madison. The prisoner and Deputy Meehan sought United States Attorney Sheldon who ordered the discharge of Farrell.

The United States officers now threaten to have Sheriff Appleby and Chief Hogan indicted by the grand jury for failure to render assistance when called upon. A quantity of burglar tools and three guns were taken from the prisoners when first arrested.

VALLEAU FEED MILL DESTROYED BY FIRE

Cause of Conflagration Remains a Mystery—Total Insurance of \$600 on the Contents.

Fire at 1:15 o'clock this morning destroyed the Roy C. Valleau feed mill at the corner of Bluff and North First streets. The total loss will not exceed \$1,000, with an insurance of \$600 on contents taken with Hayner & Beers. Cause of the fire is unknown. The building is the property of John Fanning of Johnstown. The building destroyed is one of the land marks of the city. It has been utilized for a saloon and a private residence.

Whether or not there was any insurance on this building is not yet known. The outer brick walls are in good condition and the building will probably be repaired. Mr. Valleau says there was no fire in the building after 5 o'clock last evening. A large gasoline engine in the rear of the building was but little damaged.

Fatal Explosion of Powder.
Waterloo, Iowa, March 1.—A keg of gunpowder stored in the residence of Gustavus Horn, four miles east of Dunkerton, exploded this morning, wrecking the house and fatally injuring two children. Mr. and Mrs. Horn were at the barn doing the chores at the time. As they started toward the house they were met by their children, whose clothing were all ablaze. The flames were extinguished, but the burns proved fatal.

American Ship Is Burned.
Sourabaya, Java, March 1.—The American ship St. John, Capt. Fales, from New York for Yokohama, is reported lost by fire. All hands were saved and landed at Banjoewange. The St. John had a registered tonnage of 1,885 and was owned by I. F. Chapman & Co. of New York.

Call for State Convention.
Columbus, Ohio, March 1.—The call for the state republican convention on April 24 and 25 was issued Wednesday, and vice-presidents and the various committees will be chosen the first day, when the temporary organization will be effected.

The Right Thing Has Been Found. A Janesville Citizen Shows the Way.

Once more we are indebted to a Janesville citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says: "My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longer for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Bitter Against the Mormons.

Indianapolis, Ind., March 1.—For some weeks Mormon elders have been active here, and have secured many converts in this city. Today it came to light that the adopted daughter of A. J. Gerstner of Park avenue had become infatuated with an elder named Fred Brooks, gone to Salt Lake City with him, and there married him. It is not known whether Brooks has any other wives. Gerstner is enraged, and has demanded that the authorities take such action as will prevent further proselytizing of Mormons here. He says that the elders invade homes during the absence of husbands and fathers and use their arguments upon the women.

IT IS RHODES' WAR.

England's Fight Against the Farmers

Directed by Diamond Speculators.

London, March 1.—Crownwright Schreiner, husband of Olive Schreiner, interviewed on the present situation and future settlement in South Africa, said: "It would be a great point gained if we could get the man in the street to realize what the handing over of the Rand to Rhodes and his clique would mean. Their object has been from the first to reproduce in Johannesburg the conditions that prevail in Kimberley."

"The amalgamation of the diamond mines under the De Beers company resulted in a decrease of the white population. The natives were shut up in compounds which they might not leave night or day. Within the compounds the truck system was established and money accordingly was withdrawn from circulation. It soon came about that no one was left in Kimberley but those who recognized the dominance of the company socially, politically and commercially."

"The Boer government resolutely sets its face against the compound system. There were about 50,000 natives employed in the mines at three guineas a month apiece. If that sum were withdrawn from circulation, as in Kimberley, it would be put into the pockets of the mine owners. Monopoly would be an accomplished fact."

"At present it is possible for independent tradesmen and storekeepers to make a living in Johannesburg. With the compound system once introduced the town would belong to the financiers."

"The only solution which will conserve English interests permanently in South Africa is to leave the republics independent so far as their internal affairs are concerned. Short of this I am convinced that England eventually will lose Africa, for if it destroys the republics now and attempts to hold them down, while the capitalist ring jumps on them, she will rouse such a feeling of indignation throughout Africa as will place all the Dutch and many others who are purely British in permanent hostility, which means that England will be unable to govern the country."

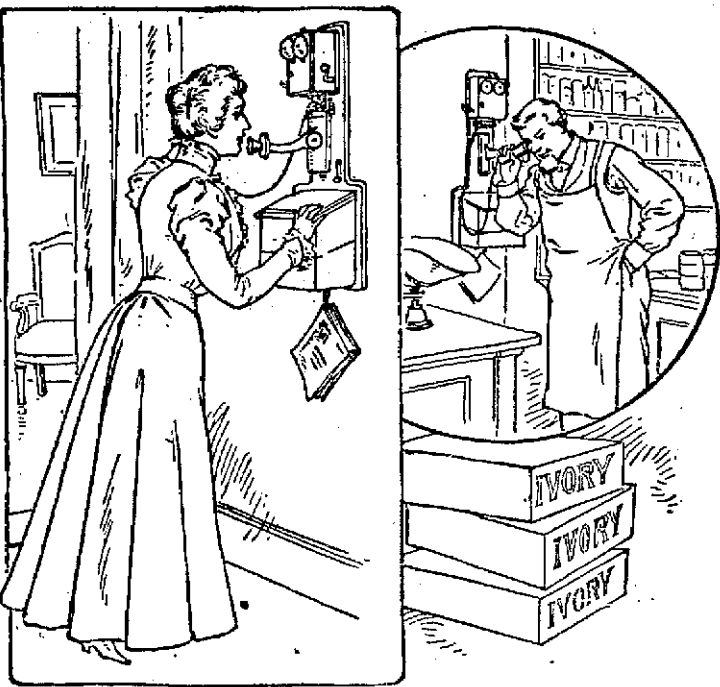

"Such a serious state of affairs will not result if the internal independence of the republics is left intact, with say, five years retrospective franchise embodied in a convention, which I believe the Transvaal would agree to, as an earnest of good faith."

"Do this and then leave Africa alone internally and let the people of the country settle the country's business. In that way lies, in my firm opinion, the only hope of peace in Africa and the permanent adhesion of Africa to the empire. You can't hold Africa down with a bayonet at her throat. That inevitably will alienate your own blood out there."

As an instance of the recent heavy British losses it is said that the Inkilling fashions in attacking a Boer position Saturday night lost fourteen out of seventeen officers.

Cronje Honored in Paris.

Paris, March 1.—The newspapers here all comment on the surrender of Gen. Cronje and its probable effect. They pay tributes to Cronje for his struggle, but acknowledge the ability of Roberts and anticipate the occupation of Bloemfontein and the relief of Laingsburg. But the papers are unanimous in declaring that the issue of the campaign has not been decided. Some of the papers think that the present would be a good time for mediation, and the Gaulois thinks Emperor William ought to begin such a movement. The Intransigent has opened a subscription for a sword of honor to be presented to Gen. Cronje.

"I want a good soap for washing the clothes; they wear out too fast, and I believe the damage is done in the laundry."

"Let me send you a box of Ivory Soap. We know it is pure, and will not injure anything. Many of our customers will not have any other for their laundry work."

The box was sent, and one more family uses no other. Try it for one week in your laundry, and ask your laundress what she thinks of it.

Former Soldier Arrested.

Chicago, March 1.—Thomas S. Kelly, formerly treasurer of the Omaha branch of the Phoenix Life and Insurance company of Chicago, was arrested Wednesday afternoon for the alleged embezzlement of \$5,000. Kelly disappeared from Omaha two years ago. Kelly does not deny the charges preferred against him, and accompanied Sheriff Thomas Flynn of Omaha to that city. When the Spanish-American war broke out Kelly joined the regular army. He served in the Philippines as a private. A month ago he returned to the United States and received his discharge. When arrested Kelly was seeking employment with another insurance company.

INJUNCTIONS OF NO FORCE

The supreme court has ruled that the Milwaukee court had no right to interfere with the common council in the matter of the extending of the street railway franchise, and therefore the dis-regarding of the injunctive order is not held to be contempt of court. The decision is eminently just. It is necessary that common councils should enact certain legislation, from time to time, upon the merits of which opinions must differ. As in the present case, the differences of opinion often lead to bitter controversies, yet the council must do its duty. When the people disagree, the council must decide. The aldermen are elected for that very purpose. It is just, therefore, that the injunction be declared to be an improper remedy. If an injunction is to be issued every time there is a difference of opinion, the common councils might as well be disbanded, and the whole government placed in the hands of the courts. It is well that injunctive orders are of force in preventing lawlessness, but it is also well that they are not of force in preventing the lawful transaction of business, either personal, corporate, or municipal. As the court says in the present case, if anything wrong is done by any official or individual the law will apply to the offender. If any illegal action is taken, the courts may nullify it, but the aid of the courts cannot properly be invoked when the result would be to simply delay matter or embarrass the city officials in the transaction of necessary and lawful business.

The supreme court's ruling is no surprise but for the reason above stated, it is of much importance as it settles a question that has often been raised. Milwaukee is not the only city in which such orders have been issued. A similar mandate was served on the Janesville council when the question of the vacation of Wall street was being considered, but, as in the Milwaukee case, it came to naught although the business was delayed because of its issuance. As has been before stated in this column, Janesville lawyers held that the injunction was of no force, but the council observed the order, although it was apparent that they could not have been purchased for contempt had they disregarded it. In the local case, therefore, the supreme court did not pass upon the legality of the order, as the issue was not raised.

The court's review of the Milwaukee case is exhaustive, and its conclusions are clearly stated in the opinion written by Chief Justice Cassoday and signed by all of his associates. The decision has no bearing on the merits of the ordinance in question, but it settles the injunction matter for all time.

The Milwaukee Sentinel says that the thermometer will be \$6.00 a day in the shade at Kansas City next July. We are compelled to take issue with this statement, however, on the ground that if shade is to be had it will be charged for pro rata. The \$6 hotel rate covers nothing but board, lodging and air.

Over sixteen thousand residents of Switzerland have signed a petition, and filed it at the International peace office at Bern, asking President McKinley to mediate between the British and the Boers. The Swiss evidently know a good government when they see it, and come to headquarters when they want some business done.

The amount of gubernatorial timber upon to selection of the republican state convention will necessitate considerable chopping in clearing away the underbrush—Milwaukee News.

How about the democratic timber? Have you found as much as a sapling yet?

The life of a Chicago man, who was shot at by a highwayman, was saved because the bullet struck a book in the man's inside pocket.

* An accurate book, not a bible.

The decision of the supreme court was also timely—it serves, so to speak, to divert attention from the matter of the late lamented national convention.

Milwaukee people can now entertain their guests with a ride on a horseless carriage through a conventionless city without fear of injunctive injunctions.

According to all indications, Kansas City expects to make the democratic party pay back that bonus at least four fold.

It may also be said that in a city people are particularly Bryan-esque—they "want the money, not the honor."

PAUNCEFOTE TO BE RETIRED.

British Ambassador's Term of Service Will End April 1.

Washington, March 1.—The diplomatic career of Lord Pouncefote of Preston, the British ambassador to the United States, will terminate on April 1, when he will be placed on the retired list. Information has been received here that the British government has under consideration the names of five men who are eligible to succeed Lord Pouncefote. Sir Thomas H. Sanderson, K. C. B., is the best known of these. He is the permanent under secretary in the foreign office, and a brother of Sir Percy Sanderson, the British consul general in New York. The Hon. Francis Hyde Villiers, C. B., whose name is being considered also, is an assistant under secretary in the foreign office. The British minister at Brussels, Sir F. K. Plunkett, G. C. M. G., is included in the list, and another prominent diplomatic officer who may be chosen is Henry Howard, C. B., the British minister at The Hague. Mr. Howard has served in Washington as first secretary of the British legation when Sir Edward Thornton was the British minister here.

Orangeine

"The Human Comforter."

(First Lesson.)

What is "Orangeine?"

"Orangeine" is a combination of delicately balanced remedies, taken from both schools of medicine, which stop pain and aches and cures many common ills.

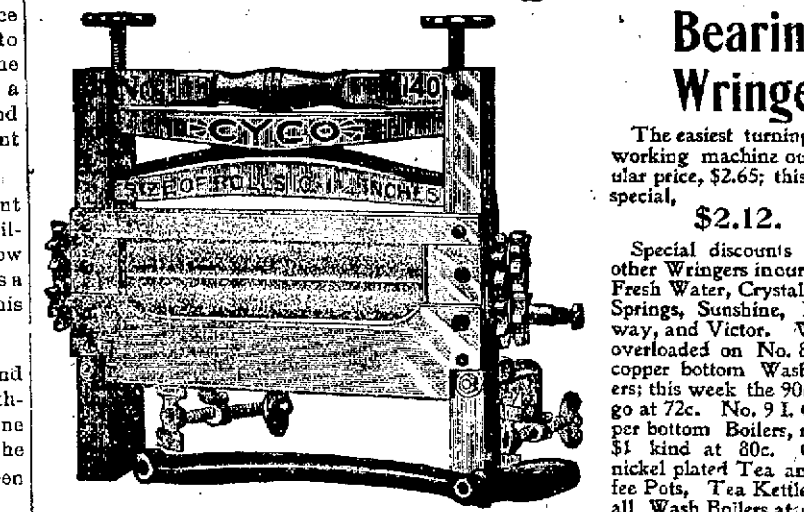

The agencies in "Orangeine" were combined many years ago by Dr. P. A. Alkman, of Windsor, Ont., in his search for a safe and sure relief from pain, which could produce immediate results with no possibility of harm to any human age or condition. After reaching the combination sought for, Dr. Alkman spent years of test to cure just the maximum of results from a minimum of remedy, and six years ago he was able to give to his patients in a five-grain powder a veritable pocket physician, under the name of "Orangeine."

REPUBLICANS ARE PLEASED.

Taylor and Others Recognized by the Postoffice Department.

Frankfort, Ky., March 1.—The republicans here are somewhat elated over what they term the recognition by Postmaster General Charles Emory Smith of the republicans state officers as the proper person to receive all mail addressed officially. Postmaster Holmes of Frankfort today wired the postmaster-general that the democratic claimants and the republicans were both demanding all mail addressed to the state officials, and asked what he (Holmes) should do in the premises. To this Postmaster General Smith replied that all mail addressed to official persons by name is to be delivered to the persons named; that mail addressed to the state officers without designation by name is to be delivered to the "actual incumbents" of the offices. The postmaster general adds: "The mere fact that the contest board has given certificates to contestants will not justify delivery of mail of latter class to them until they are lawfully induced into office. This reply is based upon your statement that the contestees still hold the offices."

INVALID BURNED TO DEATH.

Efforts of a Brother to Save David Robinson Prove Futile.

Port Huron, Mich., March 1.—David M. Robinson, an invalid, was burned to death Wednesday morning. He had been sick with pneumonia and malarial fever, and alcohol baths had been prescribed for him. Tuesday night his brother, William, gave him a vigorous rubbing with alcohol, and then put him to bed, fastening the bed clothes around him tightly. About 1 o'clock William was awakened by a flash of light. He arose quickly and running to his brother's room, was horrified to find him standing upright in bed in the midst of a sheet of flames. The heat was so great he could not approach, but seizing a bed quilt from his own bed he tried to smother the fire. While doing this the burning man threw up his arms and fell heavily to the floor, where, with a shriek, he died. The body was terribly burned.

MADAM Lillian Bell.

The Great Clairvoyant and Magnetic Healer

Are You Sick? Do You Want to be Well?

If so, call on Madam Bell at her rooms. She tells you your disease at a glance, and cures you by her wonderful Magnetic Power. She uses no poisonous medicines and has no use for the knife. From one to ten treatments relieve the most stubborn diseases. One treatment relieves pain instantly. You can feel the magnetic current as it flows from her hand. Go and take it. It will cost you nothing. She is now with you with her Vital Magnetism, performing marvelous cures by the new science which cures all diseases. The Magnetic Healing is the most valuable system of practice ever brought to the light of the world of science, and it is infinitely more powerful in healing the afflicted than all other systems combined. It is not a FAKE, as many persons suppose, but a science embracing the grandest philosophical principles of any age. There is scarcely a form of disease on earth that cannot be cured by this treatment, including consumption, rheumatism, female troubles, scrofula, falling of the womb, general debility, sexual weakness, headache, dizziness, catarrh, enlarged tonsils, hay fever, indigestion and hip joint disease. In fact, every known disease readily gives way to this marvelous treatment, this method of healing being the only system. Madam Bell is now making her last tour of the continent. She goes in June to Paris, where she is under engagement for the season at the Paris Exposition.

Call and talk with her. Consultation Free. Hours from 9:00 a. m. to 9:00 p. m. Rooms at HOTEL LONDON, Room No. 18, Second Floor.

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at... \$6.71

MARY FILLINGHAM SUES JOHN NICHOLS

PROMINENT BELOIT PARTIES BEFORE THE COURT.

Fighting For the Possession of Property Valued at \$17,000—Several Witnesses Have Already Been Sworn—Local Attorneys Are Interested in the Action.

Prominent residents of the city of Beloit were before the circuit court of Rock county today in a legal complication over the possession of real estate valued at \$17,000. The title of the case is that of Mrs. Mary Fillingham vs. John Nichols. The property that the interested party lay claim to is located in the business section of the Line City.

The plaintiff is the former wife of the late Robert Hall. The interested defendant is now engaged in the shoe business in Beloit. In 1896 Mr. Hall died leaving considerable property. A portion of this property is the \$17,000 worth that is now at law. Mr. Hall left no will covering this \$17,000 worth. It is now claimed that Mr. Hall deeded this property to John Nichols. The claim of the plaintiff is that Mr. Hall deeded this property to Mr. Nichols with the understanding that he, as a third party, should in turn deed the property to Mrs. Fillingham, his widow. The defense claims that the property was deeded outright to Mr. Nichols.

At ten o'clock this morning the case was called before Judge B. F. Dunwiddie. Several witnesses were placed on the stand in behalf of the plaintiff. Mrs. Fillingham was the first witness to take the stand. Other witnesses included Charles Kendall and Mrs. Weirick of Beloit.

The case will be a warmly contested one. J. B. Doe of Beloit and Smith & Pierce of this city appear for the plaintiff, while the defendant is being looked after by E. D. McGowan of this city.

MRS. MALONE FELL LENGTH OF STAIRS

Taken With a Fit in This City Yesterday and Before Help Could Arrive She Was Injured.

Mrs. Malone of Johnstown, was taken with a fit yesterday afternoon while standing at the head of the flight of stairs that lead to the Norris Turkish bath establishment, corner of Milwaukee and Main streets.

Before help could arrive the unfortunate woman lost her balance and fell headlong down the entire flight of stairs. She struck with heavy force, badly bruising her limbs. Dr. W. H. Judd was called and Mrs. Malone was taken into the Norris establishment. Her left ankle was badly sprained and her right leg bruised. She was conveyed to her home at Johnstown by friends. Mrs. Malone is about thirty-five years of age and is well known.

WAS NOT MUNICIPAL COURT

Misunderstanding in regard to the Affairs of Yesterday Afternoon

Some of the Chicago and other outside newspapers this morning contained greatly garbled accounts of the occurrence of yesterday, making it appear that the prisoners escaped from the "municipal court" and that the outbreak took place in that court. That is not the fact for the municipal court had nothing to do with the case nor any jurisdiction over the affair. There being no trial on in the municipal court for yesterday afternoon, the court room was simply loaned to the United States Court Commissioner as an act of courtesy so as to give him a larger room in which to hold the examination.

HEAVY SNOW STORM DELAYS REMAINS

Body of E. Boyd Nott Did Not Arrive This Noon—Funeral of Mrs. R. E. Warren.

Heavy snow storms during the past twenty-four hours throughout Illinois caused the non-arrival of the remains of the late E. Boyd Nott, whose body was expected to arrive in the city this morning at 11:35 o'clock from Columbia, Missouri. The remains will come via Chicago and will arrive over the Chicago & Northwestern railroad. The body is now expected this evening. It will be taken to the home, 254 Prospect avenue.

The High school class of '99 will attend in a body. Mr. Nott was a member of this class and at all times took an active part in High school athletic sports. He was also a member of the local Y. M. C. A.

The pall bearers will be former school associates. They are: Fred Palmer, Leonard Matthews, Roy Paines, Fred Isaac, Ralph Bonesteel and Jabez Isaac.

A telegram was received from Mr. Nott at 2 o'clock from Columbia, Mo., stating that he had not been able to leave with the remains, because there was no train service, it being interrupted by the recent snow storm. The funeral will be held either Saturday or Sunday next.

Mrs. R. E. Warren.

Particularly sad were the surroundings at the funeral of the late Mrs. R. E. Warren and infant child this afternoon from the home, 208 South Main street. Many loving friends were in attendance. When the remains of Mrs. Warren were placed in the casket the body of the infant was tenderly placed in its mother's arms. They were both buried in the same coffin. The floral offerings nearly hid the casket from view. Several were large designs. Rev. Robert C. Denison of the Congregational church delivered a most impressive service adding tender words to the bereaved ones. The pall bearers were relatives. At the close of the services the remains were tenderly laid to rest in Oak Hill cemetery.

Mrs. D. W. Davis.

The funeral services of Mrs. D. W. Davis was held from the residence, corner Vista avenue and Cottage Place, at 10 o'clock this morning. Rev. Walter A. Hall conducted the services. Gertrude E. Mosher was born March 14, 1875. She graduated from the Janesville High school in the class of 1895. She was married to D. W. Davis, May 14, 1896. Hers was a life beautiful with patience and kindness. In her last sickness her faith in her Redeemer was strong. She died February 27, 1900. She leaves a husband, D. W. Davis, a little girl, a father, George Mosher; three brothers, Frank E., William and John V. Mosher, and two sisters, Nora E. and Etta Mosher. The interment was in Emerald Grove cemetery.

William Cantwell.

William Cantwell, infant son of W. H. Cantwell, residing at Western avenue and Walnut street, died at 2 o'clock this morning after four days' sickness from bowel trouble. He was eleven months old. Funeral tomorrow morning at 9 o'clock from St. Patrick's church.

Hayes D. Wilt.

Hayes D. Wilt, infant son of H. D. Wilt of 415 South Franklin street, died yesterday morning at 9 o'clock, after a brief illness of only six hours. Deceased was twenty-two months old. The funeral will be held from the home tomorrow afternoon at 2 o'clock.

Two Cities May Unite

St. Joseph, Mich., March 1.—At a meeting of a number of prominent citizens of this city, the discussion turned upon the consolidation of this city with Benton Harbor. The project met with considerable favor, but two of those present registered themselves as emphatically against the idea, while others preferred not to express themselves. The name of Pere Marquette was thought to be a good one for the consolidated cities.

MISS GILBERT is a young lady of ability, culture and worth and as a dramatic reader is remarkable. In her recitals she exhibits unusual power, versatility and grace. Out of a very large number of entertainments, in which she has appeared, she has never once failed to completely win her audience and enthrall them with admiration.—A. T. Ankeny, Pres. State Normal Board, Minnesota. Hear her at the court street M. E. church Tuesday evening.

HONORS WERE ABOUT EASY. Brush Race Between Local Horses At the Foot of Racine Street.

While a large number of our citizens crowded the court room to witness the "go as you please" if you have no warrant scrap between suspects and officers an equally large and interesting crowd had congregated at the foot of Racine street to witness the brush race between Mr. Loucks pacing gelding Wellington—the horse that recently beat Jenny Thompson—with a record of 2:20, and the Messrs. Eugenien's bay gelding Bill Skinner, record 2:29, regarded as fast snow horse. The race was from the "brewery" to front of Racine street. Mr. McKinney acted as starter. As the result of their race honors were about easy.

Mr. McKinney with G. W. Howe, a handsome bay stallion enlivened the sport the third heat by trailing the pacer the heat he beat Bill Skinner, but owing to the narrow track Howe after showing on both sides of the pacer was unable to pass him. The next heat, however, G. W. Howe demonstrated that he outclassed both of the others in the strong lead he had gained as he passed the crowd.

A. N. Jones was also in evidence with his handsome grey mare but in his brush with Howe it was evident that she was not in his class.

THOS. DOUGHERTY ARRESTED

Charged With Having Assaulted Edward Connell Last November.

Thomas Dougherty was before the municipal court late yesterday afternoon on the charge of assault and battery on the night of November 20, 1899, on the person of Edward Connell.

The examination was set for Wednesday, March 7th, at 10 o'clock a. m. Bail was placed at the sum of \$350, but in default Dougherty went to jail.

Dougherty was arrested by Chief Hogan and Officer Brown and had a hearing after the case of Flynn, "Toronto Jimmie" and "Lefty" were discharged.

GOLF CLUB OWNS TOO MUCH PROPERTY

Members Decide to Dispose of Thirty Acres of Land—Several Functions Being Planned to Follow Lent.

Members of the Mississippi Golf club are going to sell thirty acres of their land. D. W. Watt has the property for sale. The land is not utilized by the club as part of their links and members say they can better afford to dispose of it than to hold it. Several social functions are being planned by the club to take place at the club house with the closing of lent. Extensive improvements are being contemplated on the links with the opening of spring. It is expected there will be a large increase in the membership during the coming season.

FOUR LOCAL CAKE WALKERS

According to the Report They Received Twenty Dollars Each

The Monroe Journal of Tuesday prints the following: "The Misses Rose Davies and Margaret Minahan, Messrs. J. Buchanan and Wm. McConnell, of Janesville, passed through the city last evening on their way to Mineral Point, where they gave an exhibition cake walk at a party in that city. They are certainly good, as each received \$20 and expenses for their trouble."

The annual clearing sale of furniture for the month of March, begins March 1, and lasts 31 days only, at W. H. Ashcraft's, 56 West Milwaukee street.

Hereford Underwood Buller.

Gen. Buller was once in company with Lord Charles Beresford coming down the Nile, and as their boat approached the first cataract a sharp discussion arose as to which was the proper channel to take. The soldier advised one, the sailor another, but in the end Buller's channel was followed with perfect success. "You see I was right," the general exclaimed, exultantly. "What of that?" retorted Beresford. "I knew it was the right one myself, and I only recommended the other because I knew you would oppose whatever I said."

Beautiful Tortoise Shells.

Tortoise shells as they are unloaded from the ships are far from beautiful. To be classed as "rough" they must be just as they were when taken from the tortoise's backs. It is not until washed and scoured with acids that their exquisite coloring shows. The same is true of the beautiful sea shells which come from the shores of India and other tropical lands. There is almost as much difference between them in the rough and when finished as there is between uncut diamonds and those that have passed through a lapidary's hands.

Value of Birds.

A French naturalist asserts that if the world should become birdless man would not inhabit it after nine years, in spite of all the sprays and poisons that could be manufactured for the destruction of insects. The insects and slugs would simply eat up our orchards and crops.

MRS. MARY DREYFAHL TAKEN TO ASYLUM

HER SECOND TRIP TO RECEIVE TREATMENT.

Aged Resident of the Town of Center—Dr. Joe Whiting and Dr. Lacey Make the Examination—Mrs. Dreyfahl is Sixty-four Years of Age and Well Known.

Mrs. Mary Dreyfahl, a well known resident of the town of Center, has been declared to be of unsound mind and has been conveyed to the asylum at Mendota for treatment. Dr. Joe Whiting of this city and Dr. Lacey made the examination and on their report Judge J. W. Sale issued the necessary papers.

This is Mrs. Dreyfahl's second trip to the state hospital for the insane she having been committed fifteen years ago. After several months treatment she showed improvement and, through friends and relatives she was released. Then she went to reside with relatives in the town of Center. During the past few weeks Mrs. Dreyfahl has been acting queer, and relatives fearing that she would do harm to herself or friends had her examined.

Mrs. Dreyfahl is sixty-four years of age and is well known in that portion of the county where she has resided. Her husband is dead.

Natural Gas in Kane County.

Elgin, Ill., March 1.—On the farm of John Meinke, near Old Harmony, Kane county, natural gas has been discovered. Herman Abraham was boring a well, and at a depth of 114 feet encountered the fluid. Mud and water were expelled to a great altitude from the four-inch bore. When a match was applied the flame shot up several feet and is still burning. Mr. Meinke is more in need of water than of gas, and instead of feeling joyous over a result that may prove valuable, is troubled at not getting good water.

Steel Mills, Close Down.

Muncie, Ind., March 1.—On account of the recent filing of suits in Muncie to enforce the weekly-payment law by State Factory Inspector McAbee of Indianapolis, every one of the eleven big iron and steel mills in Indiana owned by the Republic Iron and Steel company closed down indefinitely Wednesday night. While these shut-downs make a big boom in work at the other mills of the corporation located in other states, over 5,000 men become idle in Indiana.

A New Bullet-Proof Shield.

The firm of Gammell & Co., the well-known steelmakers of Sheffield, have made a bullet proof shield which weighs no more than seven pounds, and affords complete protection to the soldier against the service rifle at 40 yards range. The shield is attached to the rifle by a special band. It can be detached as quickly as unfixing a bayonet. It is hoped by the inventor that by the use of this shield, trenching operations will be largely avoided and the often vexatious delays of pick and shovel work will be often rendered unnecessary.

Jury's Verdict is Not Guilty.

Havana, Ill., March 1.—After fifteen hours' deliberation the jury found John R. Eckard not guilty of the murder of C. C. Underwood at Topeka last October.

THEY SCOFF AT TEXT-BOOKS.

Educators Criticise Lessons on the Bad Effects of Alcohol.

ARE NOT TRUE TO THE FACTS.

W. O. Atwater Says W. C. T. U. Methods Are Not Scientific—Superintendent Department of the N. E. A. Holds Spirited Discussion.

Chicago, March 1.—The evils of teaching in the public schools the effects of alcohol upon the human system, and the responsibility of the Woman's Christian Temperance union for the existing laws requiring such instruction, were the subjects discussed Wednesday afternoon by the superintendent department of the National Educational association at University hall. That the discussion was an interesting one, and that it is destined to elicit a scorching rejoinder from the Christian women of the country, appears probable from the fact that Mrs. S. M. D. F., one of the officers of the Women's Christian Temperance union, was present with a stenographer, and expressed privately the greatest indignation at some of the statements of the speakers.

The paper was read by Prof. W. O. Atwater of the Wesleyan university at Middletown, Conn., a man of national fame as a physiological chemist, and one of the highest authorities in this country on all questions pertaining to alcohol. It was listened to, therefore, with something like romance, and if the great majority of the members were not previously of the same opinion with him his argument carried them all away.

Prof. Atwater uttered a sweeping condemnation of the text-books now in use in the public schools, and condemned them as unscientific, untrue and dishonest. In order to support these assertions the paper was largely taken up with a technical discussion of the pathology of alcoholism. Its conclusions were that it would be better for young people to let liquor alone, but that liquor had been greatly slandered, and that it was a very good drink for some people in moderation.

The formal discussion of the paper was conducted by Superintendent S. T. Dutton of Brookline, Mass., and Superintendent Richard G. Boone of Cincinnati, Ohio.

The sentiments of these speakers were almost entirely in accord with Prof. Atwater. Nearly all of them believed that the text books on alcohol were an unscientific, unpedagogical and hypocritical abomination. On the other hand, H. Sabin of Des Moines, Iowa, was an outspoken supporter of the women and the text books. The question was considered of such importance it was voted to continue its discussion today, though the programme naturally was thrown very much out of plumb. At the morning session by a vote of 93 to 71 the educators declined to pass a resolution memorializing the National Educational association to promote the cause of spelling reform by the appointment of a special commission to study the subject and report. Action was deferred for a year, and the subject will come up at the next annual meeting of the department as a special order of business.

The need of a higher business education than that afforded by the present business colleges was discussed at the meeting of the National Hebert society at the Auditorium.

The convention will close tonight.

DOUBLE MURDER AND SUICIDE.

Father Kills His Daughter and Her Sweetheart and Then Himself.

Bellaire, Ohio, March 1.—At the town of Littleburg, southeast of here, in West Virginia, last night, James Glenn killed his daughter and her sweetheart, and then committed suicide. The participants in the tragedy were among the most wealthy families there. Glenn had forbidden his 17-year-old daughter, Ellen, receiving the attentions of Albert Marsh, 23 years old. Glenn went home and found his daughter in company with her sweetheart. He ordered the young man to leave. Hot words ensued, which resulted in Glenn seizing a double-barreled shotgun, with which he attempted to shoot Marsh. The daughter rushed between them, the shot taking effect in her neck and head, killing her instantly. Marsh received the contents of the other barrel in the stomach, from which he died one hour afterward. Glenn then cut his throat, dying in a few minutes.

Rates on Grain to Be Cut.

New York, March 1.—As a result of the meeting held in this city Wednesday by the chief executive officers of all the Central Traffic lines, that is, the railroads east of Chicago and St. Louis and west of Buffalo and Pittsburgh, to endeavor to restore east-bound rates, which have been demoralized, to a stable basis, the present standard freight tariff on grain will be reduced after March 5, probably 12 cents per 100 pounds.

Narrow Escape for Pupils.

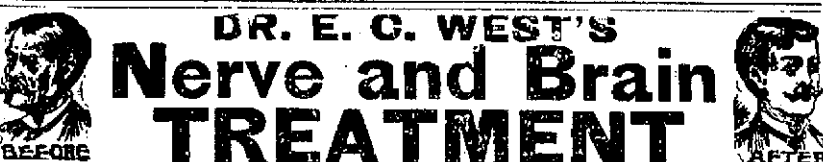

Pana, Ill., March 1.—No. 8 schoolhouse, one mile west of this city, burned Wednesday morning. The scholars narrowly escaped cremation. Henry Stanton, the teacher, was seriously burned while rescuing the scholars.

AS SPRING SUN REFRESHES EARTH,
Dr. Greene's Nervura
Blood and Nerve Remedy,
The Great Spring Medicine,
Renews Strength, Rebuilds Health, Revitalizes the Weak

The glorious sun! From it the world receives new life and strength each day. What the sun is to the world, Dr. Greene's Nervura blood and nerve remedy is to health. Life itself! If a flower withers and droops, give it the revivifying sun. If the nerves languish, if the blood grows impure and sluggish, give them Dr. Greene's Nervura. Do you think Nature intended you for a weak, miserable machine, incapable of enjoying or giving enjoyment? No, indeed! Dr. Greene's Nervura proves that. The medicines contained in this great nerve and blood remedy were planted in the earth expressly for the benefit of weak, sick, and run-down human beings. It is a reserve fund of health, to be drawn upon when all else fails. It feeds the vital nerves and blood of the human machinery with the fuel that turns into vigor and strength. Take it for poor appetite, dyspepsia, rheumatism, biliousness, sleeplessness, nervousness, general debility, spring ailments, despondency, nervous prostration, neuralgia, or other troubles originating from impure blood and feeble nerve force.

Now is the time to take Dr. Greene's Nervura blood and nerve remedy, the greatest and best spring remedy the world has ever known.

PUERTO RICO TO BE TAXED.

House Passes the Tariff Bill by a Vote of 172 to 161.

PARTY MANAGERS SURPRISED.

Rate Is Cut Down to 15 Per Cent. and the Law Is Made Temporary—Four Democrats Vote for the Measure—Other Washington Matter.

Washington, March 1.—The struggle in the house over the Puerto Rico tariff bill ended Wednesday when the bill was amended by reducing the tariff to 15 per cent and making the law temporary, and passed by a vote of 172 to 161. The republican managers were surprised at the majority of eleven received by the bill, for up to the hour of voting they claimed only a majority of from three to five.

There were six republicans who voted against the bill. They were McCall of Massachusetts, Littlefield of Maine, Crumpacker of Indiana, Lorimer of Illinois, and Hecatwole and Fletcher of Minnesota. Warner of Illinois, who was absent by reason of illness, was paired against the bill. Representative Lorimer announced that were Mr. Warner present he would oppose the bill.

These five republicans were not enough to defeat the bill. On a strict party vote, with all members present, the republicans have a majority of fourteen, and it would have required the change of eight republican votes to defeat. Four democrats voted for the bill, four others were absent without pairs, and one was present without voting. In this way the bill received a majority of eleven votes.

The four democrats who voted for the bill were Davey and Meyer of Louisiana, Devries of California, and Sibley of Pennsylvania. The four democrats absent without pairs were Stallings of Alabama, Small of North Carolina, Smith of Kentucky, and Fleming of Georgia. Bellamy of North Carolina, democrat, was present, but did not vote.

The republicans cheered over their victory, but it was not entirely a republican victory. They also cheered the four democrats who voted with them. The republicans made their fight for constitutional power that congress could legislate for the islands acquired from Spain without extending the constitution over them. The six republicans who opposed the bill did so on the ground that this position was not constitutional, and was not fair to Puerto Rico. The four democrats who voted for the bill did so on the ground of protection to their local interests.

The four democrats who were absent without pairs were simply unfortunate. The republican whip, Mr. Tawney, was a better player at pairing his men than was the democratic whip. Mr. Tawney secured a pair for every republican who favored the bill. He even beat the republican opponents out of one vote by changing the pair of Mr. Stevens of Minnesota, who had paired with Mr. Harmer of Pennsylvania, to Mr. Warner of Illinois. Mr. Stevens had assured Mr. McCall that he was opposed to the bill and would pair with Mr. Harmer. McCall relied upon that pair to hold Stevens.

But Mr. Tawney won over Stevens to support the bill this morning and quietly changed the pair to Warner, allowing Stevens to vote. The democratic whip was unable to secure pairs for all his absentees.

The conference report on the financial bill was taken up in the senate today, and Mr. Aldrich, in charge of the bill, made an explanation of the report. He confined his statement to an explanation of such provisions of the conference report as amended or modified the terms of the senate bill. Mr. Allen of Nebraska made a speech against the Hawaiian bill, and the senate adjourned, after agreeing to vote on the latter today.

WARSHIPS ON GREAT LAKES.

President McKinley Answers the Inquiry of Congress.

Washington, March 1.—The president has just transmitted a report to the house defining the present status of the treaty between the United States and Great Britain relating to the maintenance of war vessels on the great lakes.

The report is in answer to a resolution passed by the lower branch of congress Jan. 15, requesting information regarding the status of the agreement between the two governments signed April 29, 1817. In reply to this request, Secretary Hay holds that the joint high commissions of the United States, appointed May 30, 1898, to adjust all international complications on the great lakes, were instructed to obtain from Great Britain the admission that the convention does not prevent the construction of a certain class of warships for the building of which the shipyards of lake ports have special facilities. This joint high commission, he added, had made satisfactory progress in securing such agreement, but final adjudication of the matters has been suspended.

Gen. Anderson Goes to Ohio. Chicago, March 1.—Gen. Thomas M. Anderson, former commander of the lakes, left Chicago today for his future home in Columbus, Ohio. With his family he will spend several weeks in Detroit visiting relatives. Gen. Anderson has business interests in Chillicothe and Columbus, and since his retirement he has decided to return to Ohio to live.

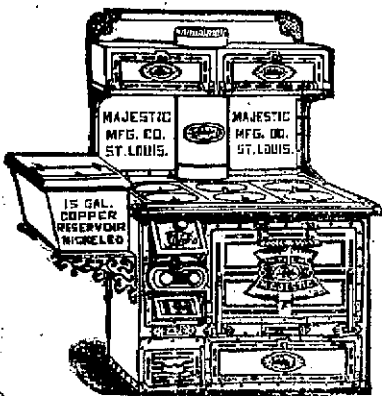

Rumor of Alliance Revived. Baltimore, Md., March 1.—The old rumor relative to an alliance between the Greater Seaboard system and the Baltimore and Ohio has been revived.

The Tripler Liquid Air Company absolutely controls all the inventions, rights and appliances of Charles E. Tripler for the manufacture and utilization of liquid air. The priority and value of these rights constitute a MONOPOLY OF THE FIELD, since no other patents of practical utility have ever been granted.

THE COMPANY HAS A FACTORY IN OPERATION IN NEW YORK CITY, WHERE LIQUID AIR IS BEING MANUFACTURED IN COMMERCIAL QUANTITIES, AND IT IS BEING USED DAILY IN LEADING HOSPITALS AND FOR MOTIVE POWER.

NO LONGER AN EXPERIMENT.
Prof. Tripler's discovery—liquid air—has therefore passed the experimental stage and can now be profitably used everywhere for refrigeration and motive power, as well as in numerous other important lines. Its utility and practicability have been demonstrated beyond question.

Charles E. Tripler, President of this Company, is the inventor of the only practical devices for the production and utilization of liquid air on a commercial scale. He is not connected, directly or indirectly, with any other company, and is to liquid air what Thomas A. Edison is to electricity.

PRACTICAL USES.
The cost of refrigeration in the United States is estimated at over \$150,000,000 annually, by the use of liquid air a saving of over one-half is assured.

As a simple instance, in the shipment of fruit from California, 55 gallons (500 lbs.) of liquid air per car will do the work of 5 tons of ice, with dry air instead of moist air, and will save more than \$150 per car in ice and its freight.

This means over a million dollars profit annually, and is but a very small fraction of the immense refrigeration and cold storage business of the country, as well as that of ocean steamships.

For motive power on land and sea, liquid air will produce as great a percentage of saving and relatively greater profits than for refrigeration.

A GOOD INVESTMENT.
The directors now offer to investors one hundred thousand (100,000) shares of stock at Five Dollars (\$5.00) per share for the purpose of enlarging and equipping our present overburdened plant.

This is the first and only stock of this company which has ever been offered for sale to the public. The stock is full paid and non-assessable, and the stockholders are free from all liability.

The holders of stock in this, the parent company, will share in the profits resulting from the operations of the various foreign or local sub-companies, a large portion of the stock of which will be held by this company.

ITS PROSPECTS.
GOOD FINANCIERS BELIEVE THAT THIS STOCK WILL SOON HAVE A CASH VALUE OF MANY TIMES ITS PRESENT PRICE; AND THAT THE EARNING AND DIVIDEND PAYING CAPACITY OF THIS ENTERPRISE WILL BE EQUAL TO THAT OF THE GREATEST DISCOVERIES HERETOFORE GIVEN TO THE WORLD.

THE PERSONNEL OF THE DIRECTORY ASSURES AN EFFICIENT AND ECONOMICAL MANAGEMENT.

**HOW TO LIVE LONG**

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy food, Tender nor highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagon will call daily for your order."

GRAND MARCH CLEARING SALE OF FURNITURE

Begins March 1, 1900, and Continues Thirty-One Days, at W. H. Ashcraft's, 56 West Milwaukee Street, Janesville, Wis.

Having bought large quantities of Furniture of all kinds before the rise in prices, and contracted for one year's supply in advance, I am able to sell Furniture at this time, with two or three exceptions, as low as was ever offered. During the month of March I shall reduce my immense stock of Furniture, to give room for new goods arriving every day, and shall make prices on all kinds of Furniture so low everybody will want some.

MORRIS CHAIRS

Have been much talked of, and are used by a great many people. I have a good many and have cut the prices very low. I will sell Chairs, like cut, while they last, at

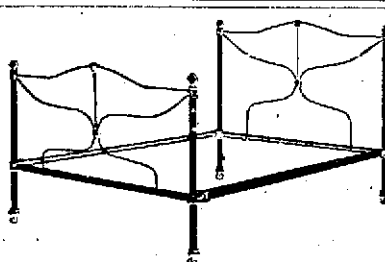

\$6.75.

Sold everywhere at from \$9 to \$12. They are finished in golden oak and imitation mahogany, and are a large size, well made chair. The cushions are covered in corduroy, velours and tapestry, and well made and filled with same material as higher priced cushions.

Although the price of iron is very high, during this month I will offer IRON BEDS, like cut, any size, at

\$2.75 Each.

Equally good a bed as sold elsewhere at \$5 to \$6.

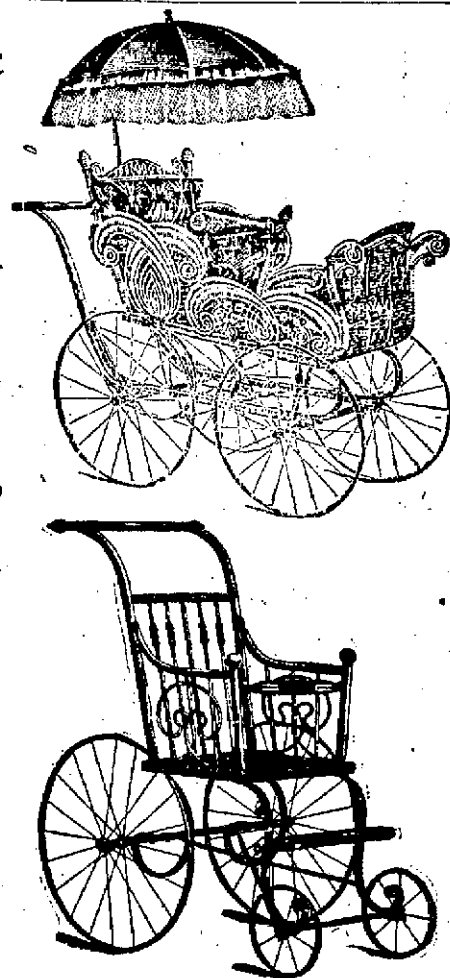

I HAVE an immense stock of :

**Baby Carriages,
Go-Carts and
Reclining Carts**

And more arriving. I shall offer these Carriages and Carts at the lowest price during the March sale. No old stock—every Carriage new this year.

There is no limit in number to any person. Everyone can have any number of beds he wishes. Besides this Bed I have an immense line of Iron Beds of different grades up to the very best. Also all BRASS BEDS.

I HAVE ON SALE THE BEST FURNITURE CLEANER AND POLISH

Made. It is something new and excels anything ever offered. It is put up in bottles and will be sold during March at 25c a bottle. It is the only Furniture Polish known that will remove all dirt and ink from furniture, and at the same time polish and leave a perfect finish. I will personally guarantee every bottle, and if not the best Polish ever used, will refund your money. Try it once and you will never use any other kind.

The above are but a few of the many bargains offered this month. Watch this ad. Call and see the many bargains; it will do you good. We like to show goods, give prices and tell you all we know of each article.

The Power Involved in Magnetic Healing

There is no power in the universe except the power of God or Law. This power exists in every form of force known to man. Man has no power of himself to change the law one whit; he can only learn that the law exists, learn how to comply with it and watch the results.

MAGNETIC HEALING

Is simply complying with the law of Nature, and the power of the healer is his knowledge of how to comply with that law. As to results, I can only refer you to the people of your own locality—people whose word you cannot doubt. Here is one of many:

ENTIRELY SATISFIED.

"PROF. DENNIS—I am glad to say that the five treatments which you gave me this month for Rheumatism in my shoulders and ankles were of real benefit to me and that I am entirely satisfied."
